This trope, found in much British and American literature, focuses on the dichotomy between urban and rural life, is "deeply entrenched in Western culture"(Garrard 33). At the forefront of works which display pastoralism is a general idealization of the nature and the rural and the demonization of the urban. Often, such works show a "retreat" from city life to the country while ...

There is no opportunity for typos or other manual data entry errors. You don't type in the MRN; you select from a list of existing patients. You don't type in an encounter; you select from a list of existing encounters. Since every piece of data you enter can be proactively linked to a record in the EDW, it is trivial to marry data from IDEA to other data in the EDW. Automatic data flows ...

Pop quiz: What day is it? Answer: Does it matter? Nearly a year in, the monotony of quarantine seems to have perpetually set the clocks to half-past-who-cares. You wake up, and it's almost like the last 24 hours didn't happen. You're trapped in the same conscribed circumstances. There's no end in sight. All you can do is hope that tomorrow will bring a new day. And you've seen this story ...
